### **Circular to All Head Teachers of Secondary Schools**

#### **RELEASE OF SAMPLE PAPERS FOR THE NEW LOWER SECONDARY CURRICULUM**

The Uganda National Examinations Board (UNEB) has released the sample papers for the End of Cycle Assessment of the New Lower Secondary Curriculum via the School portals.

This is in fulfillment of the requirement that UNEB releases sample papers to schools prior to the first End of Cycle Examination for the New Curriculum.

Heads of Centres and Candidates are further notified that the sample papers are a guide to the assessment of the New Lower Secondary Curriculum, and **not** the final papers that Candidates will sit for. The Heads of Centres are called upon to make use of the sample papers as the teachers prepare the Candidates to take the End of Cycle Examinations.

The Board welcomes any feedback from schools on these sample papers.
